

Rezolve AI and Creative Dock Partner to Drive Digital Innovation in Commerce

September 13, 2024 12:30 PM EDT

New York, 13 September - Rezolve AI (Nasdaq: RZLV), a pioneering artificial intelligence solutions provider for commerce, is pleased to announce a strategic partnership with Creative Dock, a business growth engine that creates, runs, transforms, and grows businesses for large companies. This collaboration between Rezolve AI and Creative Dock aims to propel digital innovation in the commerce sector.

With a strong foothold in the industry, Rezolve AI leverages AI technology to enhance customer engagement, streamline transactions, and drive revenue growth in the digital commerce landscape. This partnership with Creative Dock signifies a strategic leap towards shaping the future of commerce through innovative AI-driven solutions.

"As a trailblazer in artificial intelligence solutions engineered for commerce, we are excited to partner with Creative Dock to revolutionize the way businesses engage with customers," said Daniel M Wagner, CEO and Chairman of Rezolve AI. "Our joint efforts aim to drive digital innovation, empower businesses to spur growth, enhance customer engagement, and unlock new opportunities in the digital marketplace."

Creative Dock, known for its track record of over 120 ventures in sectors such as Fintech, Insurance, Retail and FMCG, Construction, Manufacturing, and Telco, offers end-to-end venture building and business transformation services to guide large companies from idea conception to execution and scaling. This collaboration with Rezolve AI presents a unique opportunity to integrate AI-driven solutions tailored for businesses of all sizes, offering a comprehensive approach to digital transformation in the commerce industry.

The partnership between Rezolve AI's brainpowa suite of products, including Brain Commerce, Brain Assistant, and Brain Checkout and Creative Dock's venture building and business transformation services enables integration of these solutions into venture building and business transformation projects, providing comprehensive AI-driven solutions tailored for businesses of all sizes. This collaboration represents a unique opportunity to leverage the strengths of both companies and drive impactful digital transformation in the commerce industry.
