August 20, 2025 12:27 PM EDT

While others remain stuck in pilots, Rezolve Ai has already proven that:

- **AI delivers measurable value**
- **Vertical focus beats generic models every time**
- **Real contracts, real revenues, and global growth set Rezolve Ai apart**

NEW YORK, Aug. 20, 2025 (GLOBE NEWSWIRE) -- As questions emerge over whether artificial intelligence is truly delivering returns, Rezolve Ai (NASDAQ: RZLV), believes it stands as proof that AI is capable of transforming industries when built with purpose. Focused on retail and commerce, Rezolve Ai's technology is creating measurable value for enterprises worldwide.

The Rezolve Ai Advantage

Rezolve Ai has already achieved what others are still trying to figure out:

- AI that delivers measurable value.
- A vertical focus that consistently beats generic models.
- Real contracts, real revenues, and real global growth.

Rezolve Ai's Differentiation: Proven and Scalable

- **\$70M ARR for 2025 from a standing start** – achieved through live deployments with 50+ enterprise customers.
- **Anchor contracts at scale** – including a \$9.8M annual deal with Liverpool, Mexico's third-largest retailer.
- **Global partnerships** – with Microsoft and Google to distribute Rezolve's Brain Suite worldwide.
- **Retail-specific AI** – our proprietary brainpowa LLM is engineered for commerce, which we believe eliminates the inefficiencies and ROI gaps plaguing generic AI models.

Execution, Not Experimentation

While many AI projects remain stuck in pilot mode with no measurable impact, Rezolve Ai is:

- **Deployed in production** across major enterprises today.
- **Directly tied to financial outcomes**, driving higher sales, lower friction, and greater customer loyalty.
- **Efficient and scalable**, designed to deliver value while keeping costs predictable and sustainable.

The impact we've demonstrated to date we believe has been substantial, but our most recent breakthroughs will be transformative. By uniting the strengths of our acquisitions with powerful new in-house developments, Rezolve Ai is set to redefine how AI drives growth and value across retail.

Momentum That Builds Confidence

Rezolve Ai is expanding rapidly:

- A new **Asia Pacific headquarters in Singapore**, backed by investment from the Government of Singapore.
- A **Global Professional Services division** intended to increase customer success and accelerate rollouts.
- Continuous innovation in **AI-driven personalization and omni-channel retail engagement**.

Rezolve Ai isn't chasing AI hype, we believe we're proving its value at scale.
